

## Student Congress Session:

\*Make a name placard with your last name on it so that I can see it from the front of the room.

### Introduce

Self

Presenters

Normally a session is called to order then roll call is taken, but since I don't have a roll call, I asked everyone to make a name placard so we could recognize you as you would be recognized in a legislative session.

### Announcements:

Distribution of handouts that we will use in this session as we come to them.

Handout most commonly used motions

If you have any questions as we move along, please raise your placard to be recognized.

### Docket

Nature and Purpose of Student Congress

Igawa explanation

The Mechanics of Student Congress

\*Students will set docket of speeches for presentation as if they were in session.

Procedures of Student Congress

Students will share their bills and resolutions

Students will give authorship speech, one neg speech and one aff speech with questions and motions.

Go over differences between bills and resolutions

\*Make a list of 10 current issues or subject matters that you think could be the basis for a good bill or resolution. The issues could be national, state or local in scope.

Preparation for Student Congress

How did you come up with your topic?

What did you do to prepare for competition?

Strategies for others
